Cover Crop

Scientific Name	Common Name
Avena sativa	Oats
Lolium italicum	Annual Rye
Lolium perenne	Perennial Rye
Triticum aestivum	Winter Wheat

Wetland Code	Sun Exposure	Soil Moisture
OBL - Obligate Wetland: Occurs almost always under natural conditions in wetlands.	○ Full Sun	W (Wet) - Saturated Soil
FACW - Facultative Wetland: Usually occurs in wetlands, but occasionally found in non-wetlands.	● Partial Sun	WM (Wet Mesic) - Seasonally Saturated Soil
FAC - Facultative: Equally likely to occur in wetlands or non-wetlands.	● Shade	M (Mesic) - Moderately Moist Soil
FACU - Facultative Upland: Usually occurs in non-wetlands, but occasionally found in wetlands.		DM (Dry Mesic) - Well Drained Soil
UPL - Obligate Upland: Occurs almost always under natural conditions in non-wetlands.		D (Dry) - Excessively Drained Soil

All native species are sold PLS (Pure Live Seed). Several species are available "Yellow Tag" and additional native species may be available upon request. Please contact SSNS for additional species pricing and availability. Prices are subject to change without notice.
