

Job Description

About the Company: Shooting Star Native Seeds (SSNS) is a wholesale provider of native prairie grass and wildflower seed.

Position Title: Native Seed Specialist (Summer)

A Native Seed Specialist supports all areas of seed production at Shooting Star Native Seeds.

Responsibilities:

- Assist with site preparation, plant installation, maintenance, and management of native grass and wildflower fields/plots.
- Use a hoe and other tools to manage weeds. Pull weeds by hand.
- Harvest seed by hand using garden clippers and buckets or seed bags.
- Prepare seed trays; assist with planting, watering, and maintenance in the greenhouse.
- Contribute to team effort by completing other duties as assigned.

Skills and Qualifications:

- Hard-working, self-starting and willing to learn on the job.
- Ability to work independently or on a small team, with little direct supervision.
- Physical labor required: lift 50 lbs. frequently, and up to 100 lbs. occasionally. Distance walked may frequently exceed several miles per day.
- Ability to work outside in the elements.

Job Status: 20-40 hours per week, flexible scheduling to work around other commitments.

Reports to: Plots Manager
